Europe Ayurveda Academy (EAA) stands as a beacon of excellence and innovation in Ayurvedic education across Europe. Founded with a compelling vision to integrate the timeless wisdom of Ayurveda with contemporary scientific rigor and pedagogy, EAA has rapidly become one of the continent's foremost institutions dedicated to the Science of Life. Established in the culturally rich cities of Paris and Nîmes, France, EAA seamlessly bridges ancient traditions with modern education, offering aspiring wellness professionals a transformative learning journey grounded in authentic classical texts such as the Charaka Samhita, Sushruta Samhita, and Ashtanga Hridaya.

The founding and visionary leadership of Professor Dr. Suresh Swarnapuri, M.D., an internationally acclaimed Ayurvedic physician and educator, has been instrumental in shaping EAA's global outlook and academic distinction. With over two decades of clinical and academic experience spanning more than ten countries, Dr. Swarnapuri's commitment to advancing Ayurveda responsibly within Europe's contemporary wellness sector is evident through his multifaceted roles across international Ayurvedic organizations.

Demonstrating its dedication to educational rigor and cross-cultural collaboration, EAA has formalized strategic partnerships through Memorandums of Understanding with distinguished institutions in India, including Ashwini Ayurvedic Medical College and Research Centre (Tumkuru, Karnataka), Mahayogi Goraknath University & College of Ayurveda, and Dr. Sarvepalli Radhakrishnan Rajasthan Ayurved University (Jodhpur, Rajasthan). These collaborations underscore EAA's commitment to academic excellence, knowledge exchange, and fostering integrative Ayurveda training between Europe and India.

Since inception, Europe Ayurveda Academy has embodied a holistic educational philosophy that combines innovative hybrid learning—melding cutting-edge online instruction with immersive, hands-on training in state-of-the-art Paris and Nîmes campuses—with vibrant community engagement. Beyond academics, EAA serves as a dynamic hub for practitioners, educators, and researchers unified by a mission to empower individuals and healthcare professionals across Europe through evidence-based, traditional Ayurvedic sciences.

Europe Ayurveda Academy (EAA) is located at 16 rue Flamande, in the picturesque city of Nîmes, southern France. Nestled in the heart of Europe, this location offers a serene and culturally rich environment ideal for immersive Ayurvedic education and practical training. The campus in Nîmes features tranquil therapy labs and Panchakarma suites designed to provide students with hands-on experience in authentic Ayurvedic treatments, reflecting the academy's commitment to blending traditional wisdom with modern healing practices. Alongside the Nîmes campus, EAA has a presence in Paris, further anchoring its mission within key French cultural centers. This strategic positioning in France allows EAA to serve as a unique hub for Ayurvedic education and integrative wellness, accessible to students and practitioners across Europe.

Association Europe Ayurveda Academy is officially accredited by the Ayurveda Training Accreditation Board (ATAB), valid from November 21, 2024, to November 20, 2027, in recognition of compliance with ATAB's international standards for Ayurveda courses.

VISION

Health, Happiness and Harmony for all through Ayurveda in UK and EU

MISSION

To Promote Ayurveda education and Clinical Practice in EU and UK
To Disseminate knowledge About Ayurveda and its research to Professional Workers

Europe Ayurveda Academy (EAA) is committed to advancing the holistic science of Ayurveda through authentic, rigorous, and accessible education tailored to the modern European context. The core aims and objectives of EAA reflect its dedication to preserving the integrity of this ancient healing tradition while promoting its dynamic application in contemporary health and wellness practices.

AIMS

- To provide comprehensive, authentic, and vocational Ayurvedic education grounded in the classical Sanskrit texts of Ayurveda, such as the Charaka Samhita, Sushruta Samhita, and Ashtanga Hridaya.
- To blend traditional Ayurvedic wisdom with modern scientific methodologies and pedagogy, enabling students to integrate Ayurveda within today's healthcare and wellness landscape.
- To develop skilled, knowledgeable practitioners, therapists, and consultants who uphold professional ethics and promote integrative, evidence-based holistic health.
- To foster cross-cultural academic collaborations and exchanges between European and Indian Ayurvedic institutions, thereby enriching global Ayurvedic scholarship.
- To contribute to the global dissemination and acceptance of Ayurveda through research, public seminars, clinical outreach, and policy advocacy.

OBJECTIVES

- Deliver high-quality, hybrid educational programs combining live online learning with intensive practical training in well-equipped campuses, facilitating effective theoretical understanding and clinical proficiency.
 - Ensure continuous mentorship, rigorous assessment, and experiential learning opportunities that prepare graduates for professional practice and lifelong learning.
 - Organize and participate in international seminars, conferences, and workshops that promote Ayurveda's scientific development and public awareness throughout Europe and beyond.
 - Promote community engagement through clinical outreach initiatives, health camps, and wellness programs, offering students real-world experience and serving diverse populations.
 - Support and nurture a vibrant learning community and professional network to encourage collaborative growth, research, and career development in Ayurveda.
 - Uphold the principles and values of Ayurveda—such as individualized care, preventive health, and natural living—while adapting to the evolving needs of European health systems and wellness sectors.
- Through these aims and objectives, Europe Ayurveda Academy (EAA) aspires to be a leadership institution that not only imparts world-class Ayurvedic knowledge but also inspires transformative well-being and global integration of this ancient Science of Life.

ACADEMIC EXCELLENCE & CURRICULUM

Europe Ayurveda Academy (EAA) is committed to delivering academic excellence through a curriculum deeply rooted in the classical Ayurvedic texts—Charaka Samhita, Sushruta Samhita, and Ashtanga Hridaya. This foundation ensures that students receive authentic and comprehensive knowledge of Ayurveda's time-honored principles, practices, and philosophies.

The Academy employs a blended hybrid teaching model that integrates the latest educational technologies and pedagogies. Students benefit from:

- Live interactive Zoom lectures that facilitate real-time engagement with expert faculty.
- Recorded learning resources available for flexible, self-paced study.
- Regular quizzes and formative assessments to reinforce knowledge and track progress.
- Quarterly in-person practical training intensives hosted at the campuses in Paris and Nîmes, France, enabling immersive hands-on experience with Ayurvedic diagnostics, therapies, Nadi pareeksha and Panchakarma techniques.

The curriculum is designed and delivered by a distinguished faculty comprising leading Ayurvedic physicians, researchers, and educators from both Europe and India. Their combined expertise ensures a rich, cross-cultural educational environment that blends classical wisdom with contemporary clinical insights.

MAIN COURSES

Level	Program	Duration	Mode	Eligibility
1.	Ayurveda Lifestyle Consultant	~10 months	Hybrid	Beginners, open to all
2.	Clinical Therapist & Nutritionist	6–8 months	Hybrid	Level 1; health background
3.	Ayurveda Practitioner	~1 year	Hybrid	Prior experience
4.	Higher Certificate in Panchakarma	~10 months	Hybrid	Advanced learners

ADMISSION, ENROLLMENT & EVALUATION

- Rolling admissions with modular course starts to accommodate flexible student schedules
- Online application process with clear eligibility criteria per course level
- Hybrid learning platform: interactive live sessions, recorded content, quizzes, downloadable materials, plus quarterly residential practicals in France
- Continuous assessment through quizzes, assignments and practical exams
- Final Exams: theory (MCQs + short questions) and comprehensive practical viva
- Certification accredited by professional Ayurvedic bodies recognized in Europe and India

TRAINING APPROACH

Empowering Future Ayurvedic Practitioners

At the Association Europe Ayurveda Academy (France, EU), we are committed to excellence in Ayurvedic education. Our robust training system ensures every trainee acquires the skills, knowledge, and confidence needed for a successful career in Ayurveda.

COMPREHENSIVE TRAINING JOURNEY INDUCTION PROGRAM

Every student begins with a warm induction, familiarizing them with our academy's environment, curriculum, and ethos. Students will meet instructors, staff, and fellow students, creating a supportive foundation for your educational journey.

ONGOING RE-ORIENTATION

Periodic re-orientation sessions keep students updated with the latest curriculum changes, new developments, and best practices. These sessions reinforce learning, answer queries, and provide ongoing guidance.

CAPACITY BUILDING

Expand expertise with specialized capacity building programs focused on key areas of Ayurveda. These targeted workshops help students refine techniques and deepen student's clinical understanding.

CONTINUOUS EVALUATION & FEEDBACK:

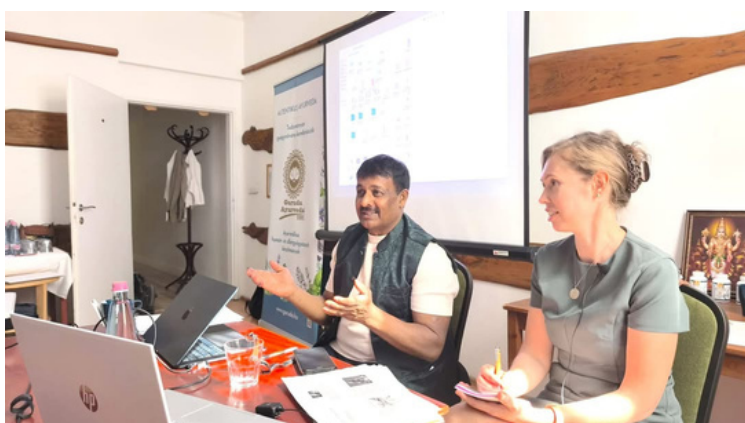

EAA believe improvement comes from feedback. Regular assessments and performance reviews help identify strengths and growth areas, while constructive guidance from instructors supports each learner's personal and professional development.

STUDENT VOICES MATTER

Trainee feedback is valued. Academy actively seek student's opinions to continually enhance training programs, ensuring training remains effective, relevant, and engaging.

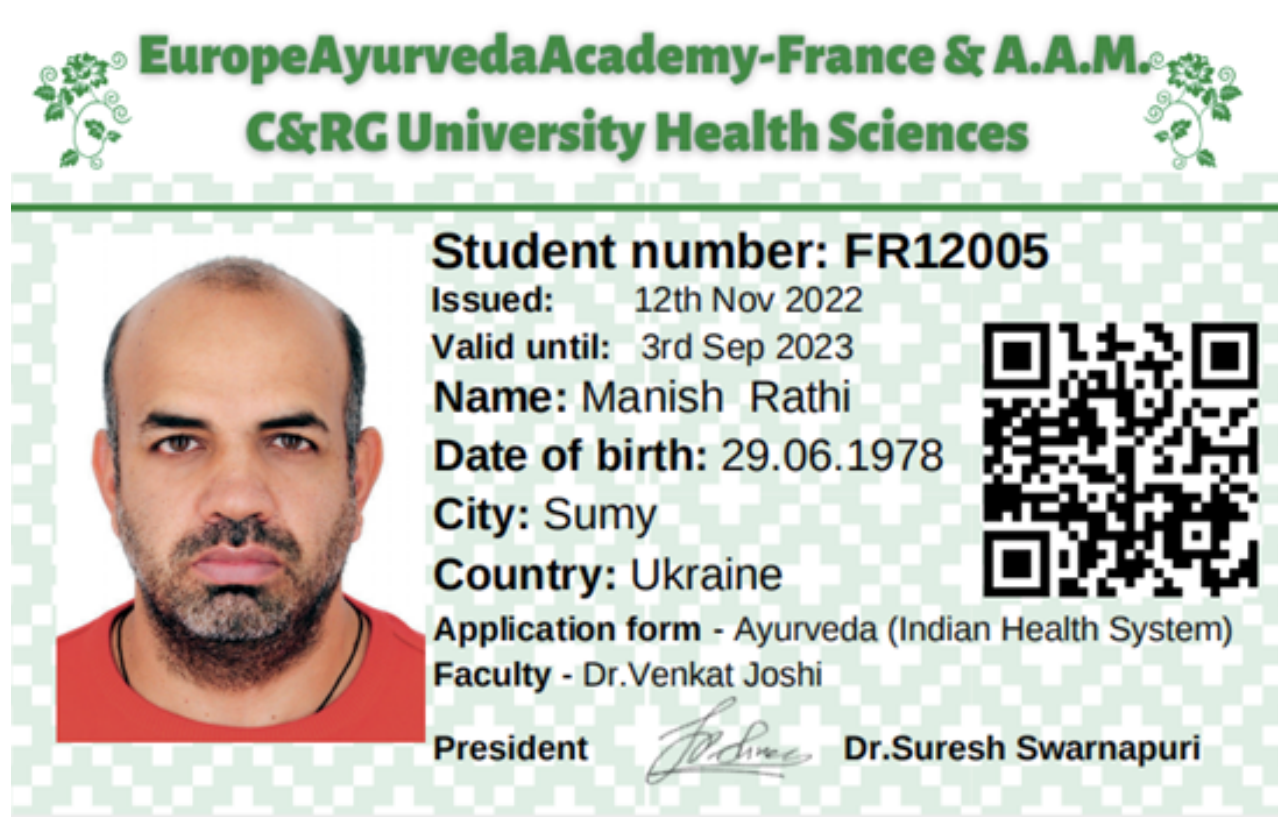

PATHWAY TO EXCELLENCE

Through a blend of induction, ongoing orientation, skill-building, and open feedback, academy guarantee a dynamic and supportive training experience—preparing the students to become a confident, comprehensive Ayurvedic practitioner.

STUDENT SUPPORT AND IDENTITY

An enrolled student at Europe Ayurveda Academy, in collaboration with C&SRG University of Health sciences, are issued an official Student Identity Card. The ID card serves as proof of enrollment and is recognized for accessing academic resources, clinical sessions, and seminars under the Ayurveda (Indian Health System) education framework.

EXAMINATION

The examination framework at Europe Ayurveda Academy is designed to comprehensively assess both theoretical knowledge and practical competency throughout the duration of the program. In the first year, students are evaluated through a combination of theoretical and practical assessments comprising an 80-mark multiple-choice question (MCQ) exam, supplemented by 20 marks assigned to short-answer questions, alongside a practical viva voce examination valued at 50 marks. The second year follows a similar format, with theory examinations consisting of 80 MCQs and 20 short-question marks, complemented by a 50-mark practical viva assessment.

In the third year, students undergo more advanced evaluations, where the theory exam includes 80 MCQs and 20 marks for short questions, supported by an oral examination (viva voce) carrying 50 marks to assess clinical reasoning and applied skills. The final examinations mirror this structure with an 80-mark MCQ paper, 20 marks for short-answer questions, and a practical viva of 50 marks.

This rigorous and multi-dimensional assessment approach ensures consistent evaluation of students' academic progress and practical expertise, fostering a well-rounded, professional competence essential for Ayurvedic practice.

OUR CERTIFICATIONS

As a part of curriculum at Europe Ayurveda Academy, France, students undergo mandatory hands-on clinical training in India to ensure practical exposure and real-time experience in Ayurvedic therapies. Students are awarded an official certificate of Internship upon successful completion of the training.

ACADEMIC EXCELLENCE AND RECOGNITION

Students who complete the intensive 500-hour course offered by Europe Ayurveda Academy (France) receive a formal Certificate for Ayurveda Practitioner.

KEY HIGHLIGHTS OF THE CERTIFICATION INCLUDE

- Awarded in collaboration with SJG Ayurvedic Medical College, India
- Recognised by RAV- Ministry of AYUSH, Government of India.
- Covers core clinical areas: Kayachikitsa (Internal medicine), Rasayana Chikitsa (Rejuvenation therapy), Streeroga and Prasuti tantra (Gynecology and Obstetrics), Kaumarabhrithya (Pediatrics), Panchakarma (Detox Therapies: Snehana, Swedana).

- Teachings by traditional Ayurvedic Vaidyas
- University-certified graduates from India
- Partnership with SJGAMC, Koppal, India
- Programs established according to WHO criteria
- Listed by ATAB - Ministry of Ayush, Govt of India
- Knowledge exchange with colleges from India and other countries
- Learning Ayurveda Lifestyle benefits personal and societal well-being
- EAA and SJGAMC prepare and update syllabi jointly for high standards
- Clinical placements offered in India

PROPOSED DEGREE

Courses	Duration	Eligibility
BAMS	05 Years	10+2 in any discipline

EAA (European Ayurveda Academy) is proposing to start BAMS (Bachelor of Ayurvedic Medicine and Surgery) programs in Europe through a collaboration with Dr. Sarvepalli Radhakrishnan Rajasthan Ayurved University, which is based in Jodhpur, Rajasthan, India. This university is a well-established institution dedicated to Ayurvedic education offering BAMS courses and affiliated with national Ayush educational bodies. The university is located on Nagaur Road, Kadvad, Jodhpur.

Dr. Sarvepalli Radhakrishnan Rajasthan Ayurved University is the first Ayurvedic university in Rajasthan, offering undergraduate (BAMS), postgraduate, and PhD courses in Ayurveda with admission through NEET UG exams. The university has been involved in international collaborations and conferences on Ayurveda, showing active efforts to propagate Ayurveda globally.

AYURVEDIC CONFERENCES AND SEMINARS

Europe Ayurveda Academy (EAA) actively participates in various health fair activities and Ayurvedic conferences across Europe and internationally, which serve to promote Ayurvedic science, integrative wellness, and community engagement.

Noteworthy participation and Ayurveda health fairs/events:

- European World Ayurveda Congress (e.g., 2016 in Koblenz, Germany), featuring workshops, scientific exchange, and showcasing Ayurvedic products and education to a wide health-conscious audience.
- EAA organized along with AAPNA –Organized International Conference in London on November–2017
- International Ayurveda Symposiums held in Europe (such as the 26th International Ayurveda Symposium in Lucerne, Switzerland, October 2024) where the Ayurvedic community gathers for presentations, practical workshops, and networking, including open Ayurveda day with demonstrations for the public.
- The 10th World Ayurveda Congress and Arogya Expo in Dehradun, India (December 2024) was a massive global event highlighting Ayurveda’s impact, featuring participation from international institutions, with EAA recognized for accreditation outside India.
- EAA and Association Ayurveda Academy–London–UK organized Institutional Ayurveda Conference in London on 2 & 3 June –2025
- Europe Ayurveda Academy itself participates regularly in such expos, conferences, and professional meetings where students, faculty, and alumni share knowledge and provide Ayurvedic consultations and demonstrations as part of community health fairs and outreach.

EAA’S PARTICIPATION IN HEALTH FAIR ACTIVITIES

- Organizing and attending international Ayurveda congresses and symposiums across Europe.
- Hosting informational workshops, public seminars, and demonstrations on Ayurvedic nutrition, therapies, and lifestyle.
- Running pop-up clinics and community health camps in multiple countries including France, UK, Croatia, Ireland, and Ukraine.
- Representing authentic Ayurveda education and outreach at expos and integrative health events.

ACADEMIC COMMITTEE & FACULTY

Europe Ayurveda Academy (EAA) is proud to be supported by a distinguished Academic Committee comprising renowned Ayurvedic scholars and clinical practitioners from India and Europe. Qualified Ayurvedic physicians and doctors from the UK, Germany, Ireland, Denmark, Slovenia, Croatia, and Ukraine are part of our team, led by Dr. Suresh Swarnapuri (International Ayurvedic Physician, President – Association Europe Ayurveda Academy). Their expertise spans diverse specialties, ensuring excellence in teaching, clinical training, and curriculum development. Team of Vaidyas from Europe

Dr. Neha Sharma BAMS. M.D

SEMINARS AND TRAINING PROGRAMS

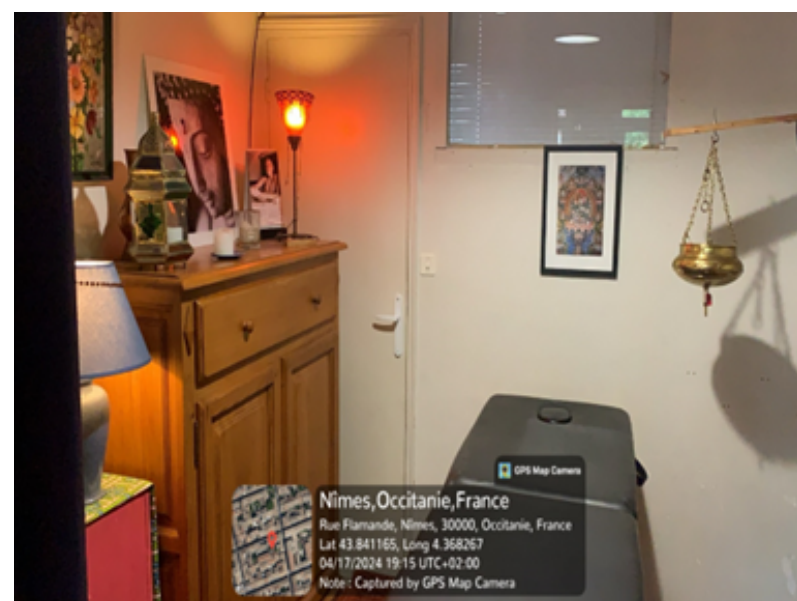

- International conferences celebrating Ayurveda Day, Yoga Day, and European Ayurveda Congresses that unite experts for scientific exchange and clinical insights.
- Workshops and public seminars on topics such as Ayurvedic nutrition, diagnostics, Panchakarma therapies, acupuncture, and integrative lifestyle management.
- Collaboration events with the European Parliament and EU bodies to raise public and legislative awareness of Ayurveda's role in modern wellness.
- Pop-up clinics and community health camps in multiple countries (France, Croatia, UK, Ireland, Ukraine) offering hands-on clinical exposure for students alongside community service.
- Mentorship-based training programs incorporating continuous assessment and rigorous practical evaluation.
- Flexible modular course offerings from Lifestyle Consultant to advanced Practitioner and Panchakarma certifications.

EUROPE AYURVEDA ACADEMY PROVIDING GLOBAL CONSULTATION

Europe Ayurveda Academy (EAA) Provides Ayurveda Consultation Globally. The centers and partners are located in:

- USA: Commack, NY
- France: Bourts, France
- Germany: Wiesbaden
- Ireland: Cork City
- Spain: Cadiz
- Ukraine: Dnipro
- Slovenia: Domžale
- Croatia: Zagreb
- Romania: Bucharest
- Netherlands: Oisti city

MEMORANDUMS OF UNDERSTANDING (MOUS)

Europe Ayurveda Academy (EAA) has established important Memorandums of Understanding (MoUs) with reputed Ayurvedic institutions:

Key MoU partnerships include:

- SGT University—Delhi—India
- Ashwini Ayurvedic Medical College and Research Centre, Tumakuru, Karnataka, India
- Mahayogi Goraknath University & College of Ayurveda—U.P
- Jiwaji University—Gwalior—M.P—India
- Dr. Sarvepalli Radhakrishnan Rajasthan Ayurved University, Jodhpur, Rajasthan, India
- Shri Babu Singh Jay Singh PG Ayurveda College—Farrukabad—UP
- Datta Mega Institute of Medical Sciences —Nagpur—Maharashtra.
- Ayurveda & Allied Research Council—Ontario—Canada
- Hungary Ayurveda Medical Foundation—HAMF—Budapest
- Mexican Ayurveda College—CONAYU—Mexico City—Mexico

These formal agreements facilitate academic exchange, joint research, and mutual recognition of Ayurvedic education, solidifying EAA's role as a bridge between traditional Indian Ayurveda scholarship and contemporary European wellness education. The partnerships enable students and faculty to engage in cross-cultural learning, access authentic Ayurvedic clinical training, and foster integrative health collaborations.

Beyond these, EAA collaborates with various other scientific and health education institutions across Europe and India, reflecting its dedication to maintaining academic rigor and authenticity. Such cooperation encompasses research projects, clinical practice exchanges, seminar co-organization, and curriculum development.
